

MAKING THINGS HAPPEN FOR BUSINESS

## Who We Are

**At AstreaGroup**, we do business differently. Our lean business model combined with our teams' vast experience, first class work ethic, and strong relationships with suppliers ensures the unparalleled satisfaction of our clients. As a premium B2B provider of trading and contracting services, furniture, interior design and joinery solutions, corporate apparel design and promotional product procurement, we provide an effortless one stop shop.

Despite offering a variety of products under our various divisions, each respective team operates as specialists in their individual fields, thus providing our clients both choice and expertise. This business model eliminates the inefficiencies and headaches experienced by clients when

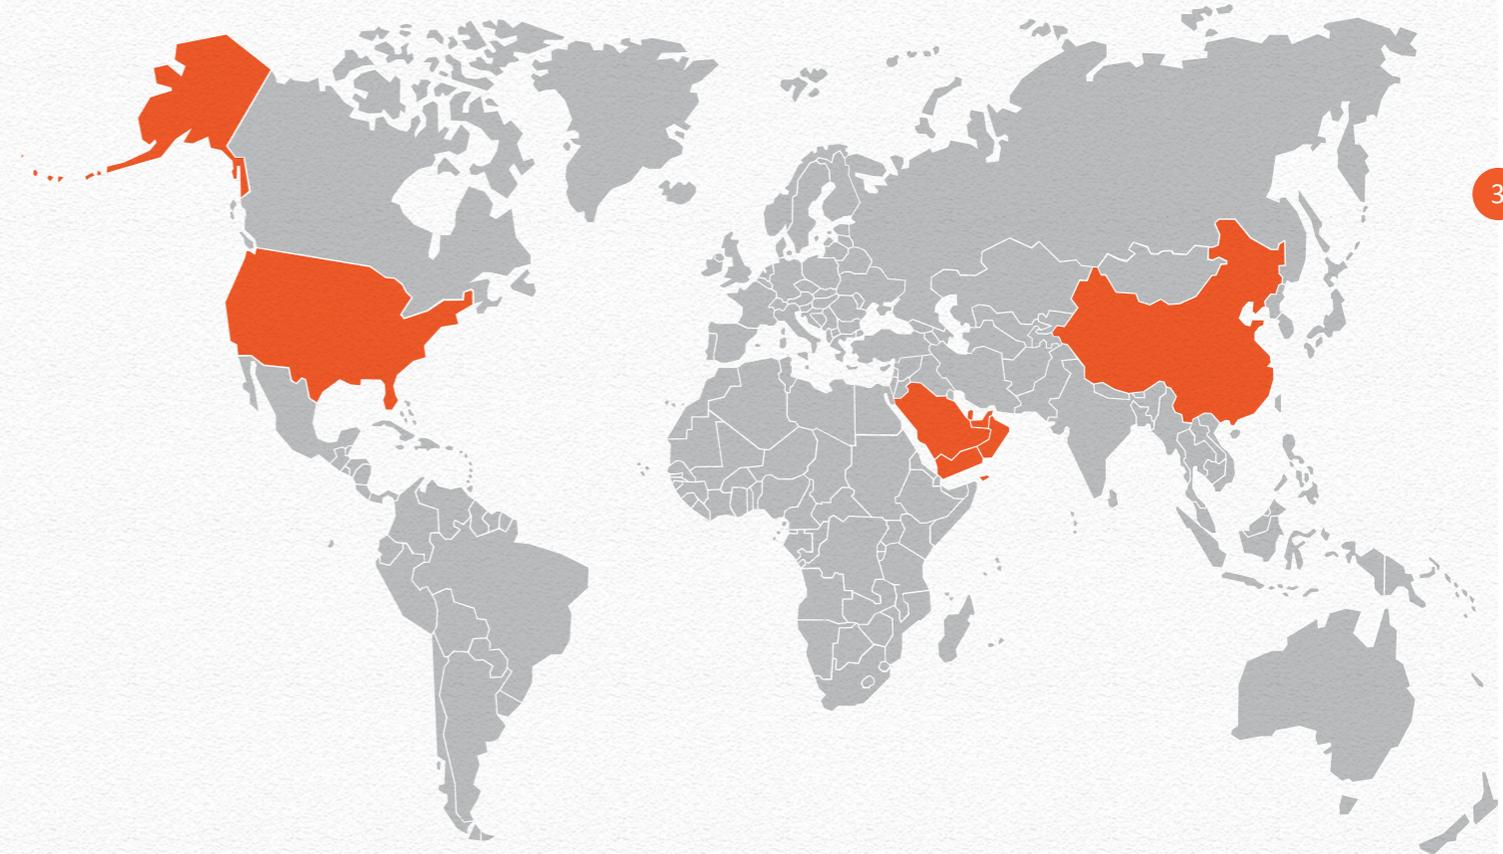

dealing with multiple suppliers for various business needs.

Our projects are delivered on time and on budget, every time and at the highest standards. We further maximize on value by not only sourcing products and services both efficiently and effectively, but also having the unique ability to manufacture many products in house. This translates into budget friendly solutions for our clients which set us apart in the market.

Operating in the GCC, China and the US, our clients range from a wide array of industries in both the public and private sectors including oil & gas companies, schools, property managers, government and military entities.

Our sourcing reach is limitless. It's as simple as asking and you shall receive. That's the bottom line.

## Testimonials

*“I would highly recommend the competent services of AstreaGroup. I have worked closely with Aws Shahen and his team on a project and was very impressed with their work ethic, their attention to detail, and their fast turnaround with regard to change orders or information. This was my first time working with AstreaGroup, but this is the first of what I hope will be a long and beneficial relationship.”*

## Interior design

12

**Our interior designer** has been in the field for 12 years with a wide range of experience, primarily in the corporate arena and hospitality sector, having completed many well know Hospitality, Commercial and Residential projects.

Our strength lies in the ability to devise unique and exciting space planning solutions that are brought

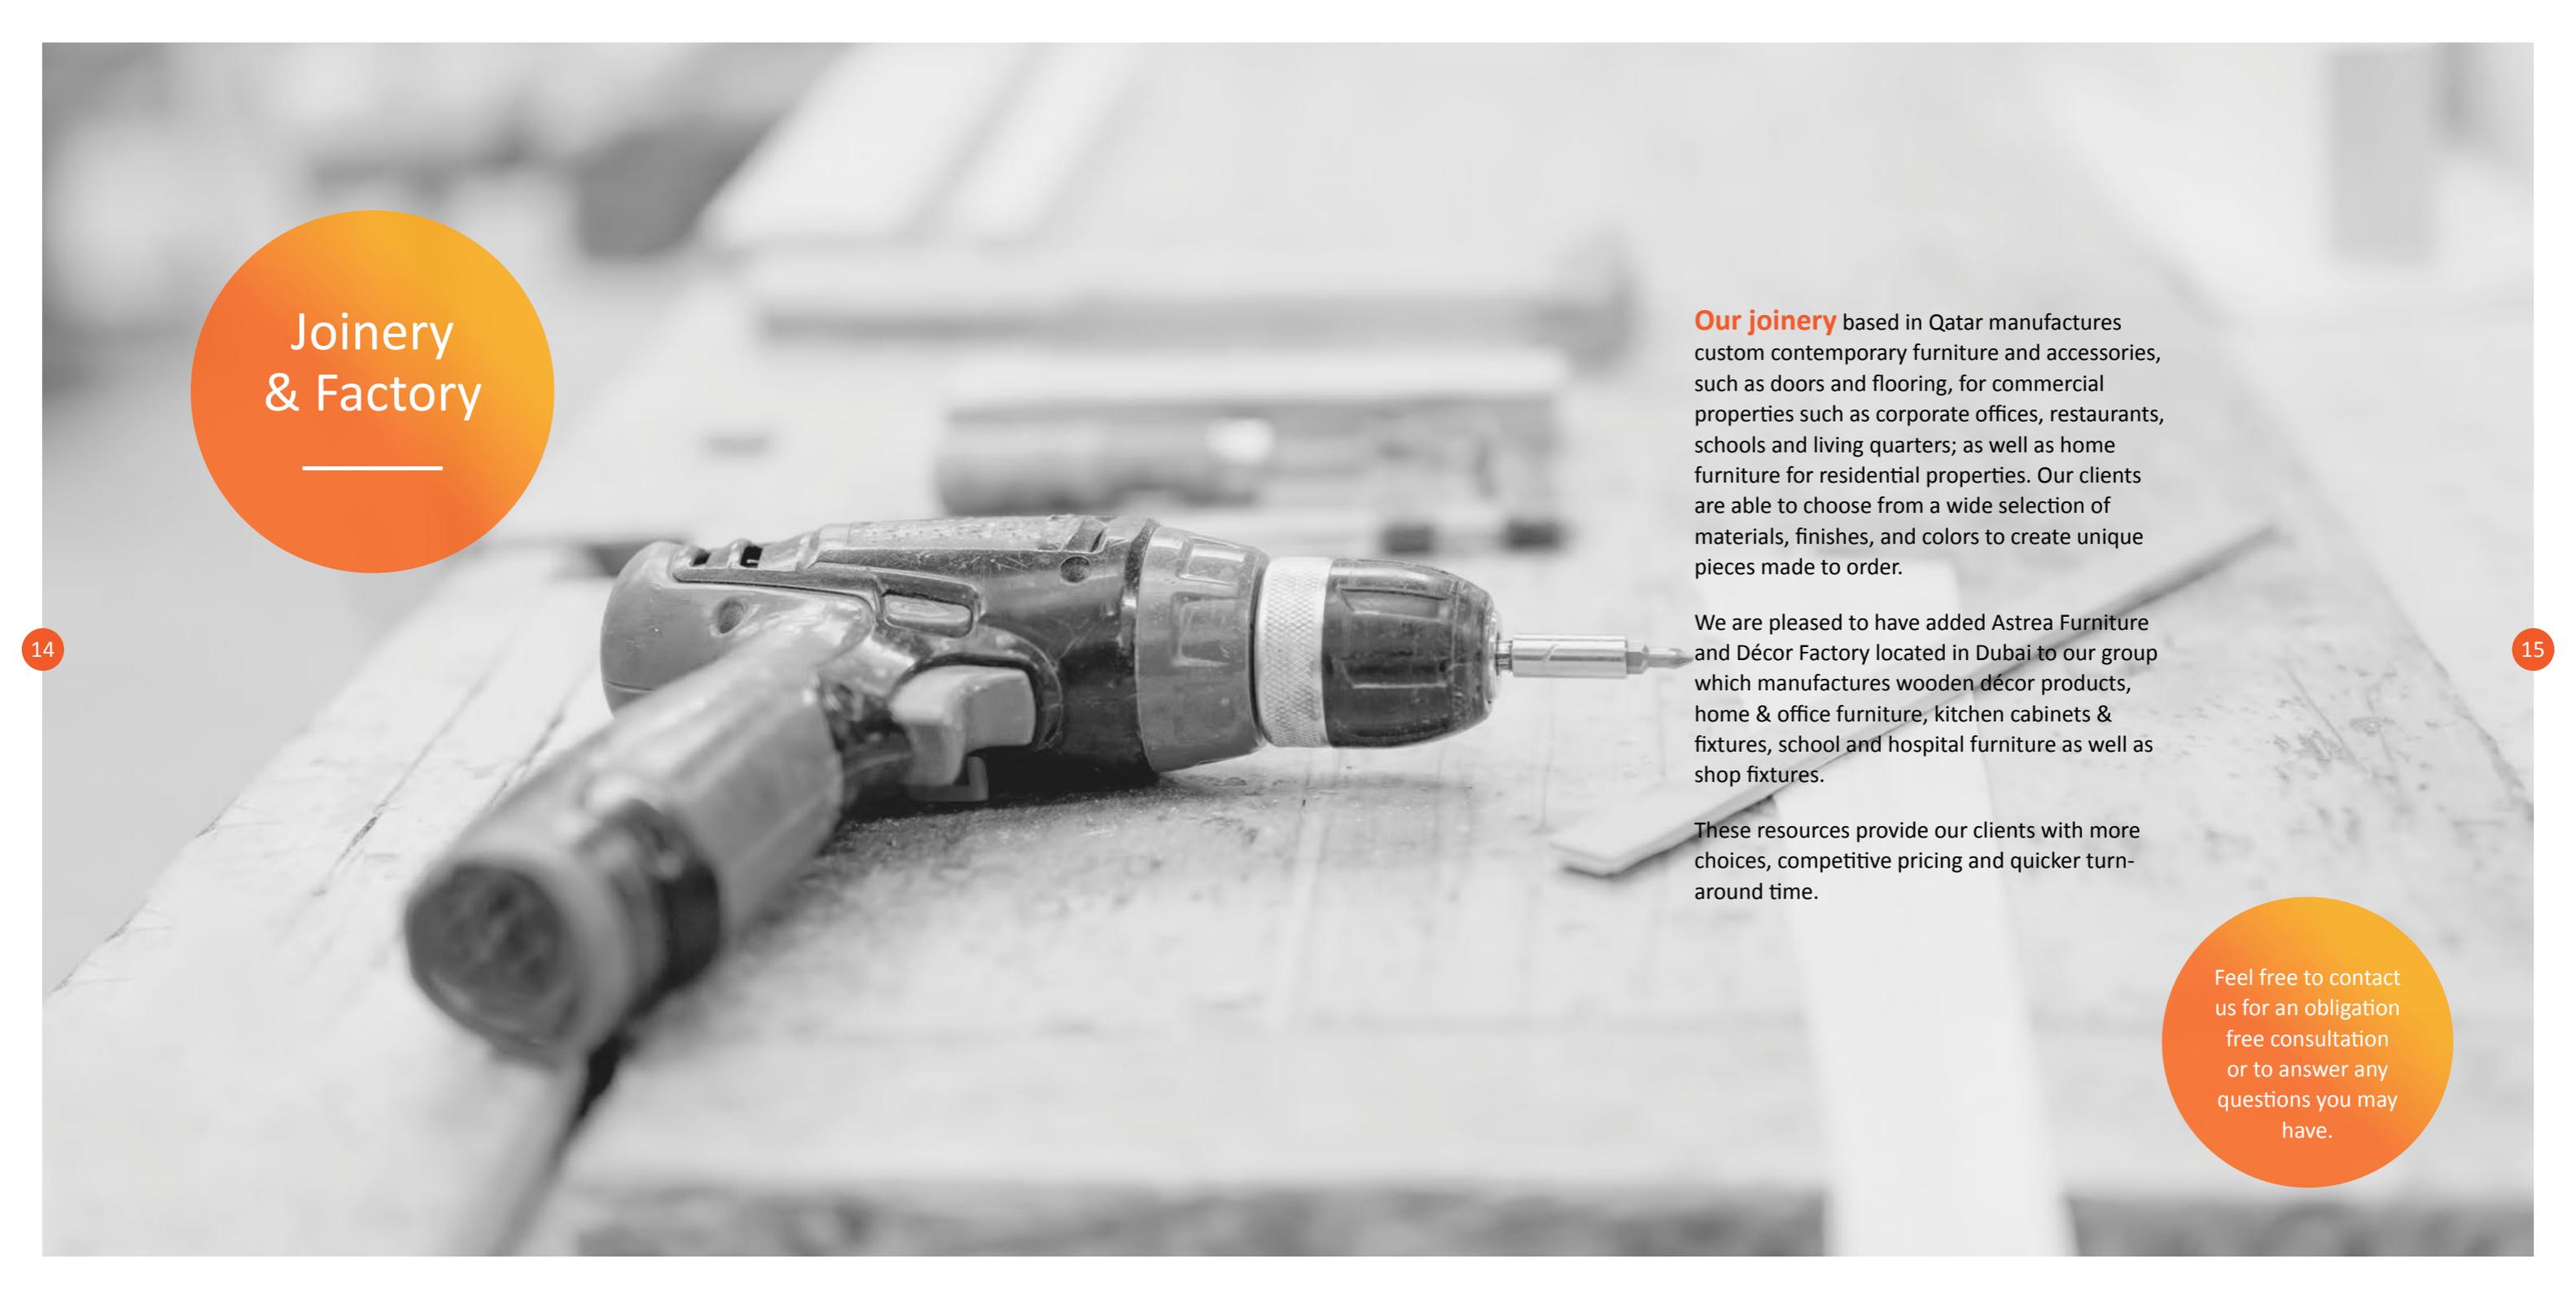

to life, from the onset, using a three-dimensional digital model to ensure that our client can visualize spatial opportunities and constraints.

Our team has impeccable attention to detail and taste in selecting lighting, color schemes, material and finishes and strong knowledge in the construction process.

13

Whether a project requires design, build, furnishing, or all of the above, the multitude of our staff's experience and market knowledge amounts to a unique, on budget solution for a variety of spatial typologies, including but not limited to commercial, residential and retail properties.

Our aim is to be the leading provider in the region with unwavering customer service and value added offerings. Whatever the size of your budget, or vastness of your vision, our team can make it happen.

## Joinery & Factory

**Our joinery** based in Qatar manufactures custom contemporary furniture and accessories, such as doors and flooring, for commercial properties such as corporate offices, restaurants, schools and living quarters; as well as home furniture for residential properties. Our clients are able to choose from a wide selection of materials, finishes, and colors to create unique pieces made to order.

We are pleased to have added Astrea Furniture and Décor Factory located in Dubai to our group which manufactures wooden décor products, home & office furniture, kitchen cabinets & fixtures, school and hospital furniture as well as shop fixtures.

These resources provide our clients with more choices, competitive pricing and quicker turn-around time.
